

Heath Bar Ranch

Directions and Instructions

To Get to: 4861 Artesia Rd, Shingle Springs CA 95682

(916) 501-8319

WARNING: Your GPS may not deliver you correctly. There are three gates to the community, only one allows you to enter a gate code (#9663) and the GPS usually sends you to one of the other gates.

RESIDENTIAL NEIGHBORHOOD: Please remember the show site is located on a private property in a gated residential neighborhood. Drive very slowly.

The Ranch is approximately 35 miles east of Sacramento and 7 miles west of Placerville.

- From either east or west on US 50, exit at Exit 39 (Shingle Springs Rd)
- Go North until the road ends at a gate to the community
- Enter gate code #9663 (must enter #) otherwise it will try and make a phone call
 - Go through gate and continue straight and after the 3rd speed bump, make a right onto Artesia Rd (about 1 mile from gate)
 - Continue up a large hill and on the left there will be 2 gates to the property. The first gate is where all exhibitors **MUST** park. (there is an access gate to the field from the parking area) The second gate is to the field. You may unload at the second gate and place your items on the side of the road but you **MUST** then take your vehicle through the first gate and park. Only then may you come back and move your items inside to set up.

Please observe all signs – we want to leave a good impression with the neighbors.

When on the ranch please

1. Pick up after your dog – trash receptacles are placed around the ring
2. Keep your dog on leash
3. Bear in mind you are in a natural setting
4. **DO NOT** let your dog pee on any man-made object

Bathroom – next to the house between the pool and the road is a building that contains the bathroom. Please keep it clean. The house, pool area and dog run are part of a private residence and is off limit.

BREAKFAST/LUNCH/COFFEE/WATER – look for tables reserved for these items

Please bring a finger food item to share for breakfast/lunch. Coffee and water will be available until we run out. For water, bring a reusable bottle and feel free to refill from the cooler.

Any questions – email tobigal@yahoo.com or call 916 501-8319

Thank you for your support for the Junior EO Team
