Box 850955, Richardson, TX 75085-0955.

This test is open to all dogs being at least eighteen (18) months of age, including purebred and non-purebred, **except bitches in season, dogs suffering from any deformity, injury, or illness that may affect the dog's physical or mental performance, or dogs exhibiting sign of aggression.**

**All dogs must be registered with USDAA® in order to compete.** If your dog is not already registered, go to [www.usdaa.com](http://www.usdaa.com), General Information, to obtain a registration number immediately and a measurement card prior to the show, OR fill out the USDAA registration form included in this test schedule and add the registration fee of \$18.00 to your entry fee (Do not send a check made out to USDAA, Thanks)

Fault Limits may be imposed by the Organizing Committee and judge and will be announced in the judge's briefing.

There will be no equipment familiarization on either day.

There will be a general briefing for all handlers Saturday morning.

Individual briefings will be held for all classes at all levels.

All dogs must be ringside and ready to run in catalog order.

The **running order** will be determined by random draw. For those handlers with more than one dog in a class; we will do our best to separate your runs.

**No food or toys will be permitted on or around the course at any time. Training collars (pinch, shock or others) will not be permitted on the fairgrounds at any time.** Unentered dogs will be allowed on the event grounds, provided they are under control of their owners/handlers. No reinstatement of results is possible, and all awards must be returned within 10 days of notification, or the dog's registration may be suspended pending restitution. Any unpaid fees or shortfalls must be paid prior to the start of the event or entry is canceled without recourse by owner/handler.

The Organizing Committee of an event may refuse the entry of any competitor or dog for just cause should the committee views that participation by competitor or dog would be prejudicial to the sport. However, any committee so doing must notify the competitor in writing (with a copy to the USDAA office) in anticipation of or upon receipt of entry. The notice must include the reason for refusing the entry and a brief explanation of the basis for their decision. The burden of responsibility for appropriateness of such action rests solely with the host group and its Organizing Committee. In addition, **THERE WILL BE NO REFUNDS** for entries withdrawn after the closing date or in the event a dog and/or handler is dismissed from the competition, regardless of the reason for dismissal, except that a partial refund may be given, at the discretion of the Show Committee, upon presentation of a veterinarian's certificate that the dog was injured or a bitch was in season on the date of the event. **Entries may not be accepted, canceled, changed or altered after the closing date except for the purpose of moving to a higher level by the secondary closing date of September 19, 2005.** It is expressly understood that Competitors alone are responsible for

the behavior of their dogs, children and guests. Any competitor whose dogs, children, or guests create unnecessary disturbances or repeatedly engage in unsafe or disruptive behavior, may at the discretion of the show committee, be asked to remove the offending dogs, children, guests from the event grounds. ### JUMP HEIGHTS AND AGILITY OBSTACLES

Following are the jump heights for the Championship Program (Performance heights in parenthesis):

<u>Dog Height</u>	<u>Jump Height</u>	<u>Long Jump</u>	<u>Table</u>
Over 21"	26" (22")	60" (48")	24" (16")
21" or less	22" (16")	48" (36")	24" (16")
16" or less	16" (12")	36" (24")	16" (12")
12" or less	12" (8")	20" (12")	12" (12")

Obstacles for all classes will be chosen from those described in the current edition of the Official Rules and Regulations of the United States Dog Agility Association, Inc. In addition, other obstacles and/or hurdles which are not specifically described in the USDAA Official Rules & Regulations, but which conform to USDAA Standards and are otherwise permissible may be used.

## NON-STANDARD CLASSES

**GAMBLERS:** The Gamblers Class consists of a course with no pre-determined route and each obstacle is assigned a point value. In the "opening" period, the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the "opening", the handler attempts the "gamble", a sequence designated by the judge to be handled from a distance, for additional points. This nonstandard class is scored pursuant to the provisions of Chapters 6 & 7 of USDAA® Rules and Regulations.

**JUMPERS:** The Jumpers Class consists of a course of jumps and may include a tire and tunnels. This nonstandard class is scored pursuant to the provisions of Chapters 6 & 7 of USDAA® Rules and Regulations.

**SNOOKER:** The Snooker Class has an "opening" sequence of point collection similar to Gamblers class followed by a closing sequence of a set pattern. It roughly parallels the billiards game of "Snooker", requiring the dog to successfully complete a "red" jump prior to attempting an obstacle designated as any other color. This nonstandard class is scored pursuant to the provisions of Chapters 6 & 7 of USDAA® Rules and Regulations.

**PAIRS:** The pairs Relay Class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. This nonstandard class is scored pursuant to the provisions of Chapters 6 of USDAA® Rules and Regulations.

**PERFORMANCE PAIRS RELAY:** is a **non-titling** class open to all dogs regardless of level not entered in one of the championship program pairs relay classes at this event. Any height may pair with any other height, and level with any level. Otherwise, this class follows the same rules as the Advanced pairs relay classes and will be run on the advanced pairs course with appropriate modifications pursuant to the provisions of Chapter 7.

### 2006 USDAA® Grand Prix of Dog Agility® Local Qualifier

This class is open to all dogs regardless of title or skill level - a single-round tournament featuring the sport in its basic form. The course includes an A-frame, dog walk, see-saw, pipe tunnel, collapsed tunnel, weave poles, tire jump and a variety of other jumps and hurdles. Scoring follows regulations for standard scoring under Masters rules, except that time standards may generally range from 3.50 yards per second to 3.75 yards per second for dogs competing in the 22" and 26" height classes and from 2.85 to 3.05 yards per second in the 12" height class and from 3.10 to 3.40 yards per second for dogs competing in the 16" height class. Dogs that earn seven (7) or fewer faults shall earn a qualifying score

### 2006 National Performance Standard<sup>SM</sup> Championships Local Qualifier

This class is open to all dogs regardless of title or skill level not entered in the Grand Prix tournament at this event. A single-round tournament featuring the sport in its basic form. The course includes an A-frame, dog walk, see-saw, pipe tunnel, collapsed tunnel, weave poles, tire jump and a variety of other jumps and hurdles. Scoring follows regulations for standard scoring under Masters rules. Since this class is conducted using the modified Grand Prix course, a standard course time is calculated by adding three seconds to the standard course time as determined for the Grand Prix. Dogs that earn seven (7) or fewer faults shall earn a qualifying score. Further changes regarding other aspects of these tournaments for 2006 may be forthcoming. A complete copy of the 2006 tournament rules, which are hereby incorporated by reference, will be posted at the event, or may be obtained directly from USDAA.

## CLASS DESCRIPTIONS
