Obstacles for all classes will be chosen from those described in the current edition of the Official Rules and Regulations of the United States Dog Agility Association, Inc. In addition, other obstacles and/or hurdles which are not specifically described in the USDAA Official Rules & Regulations, but which conform to USDAA Standards and are otherwise permissible may be used.

NON-STANDARD CLASSES

These nonstandard classes are scored pursuant to the provisions of Chapters 6 & 7 of USDAA® Rules and Regulations:

GAMBLERS: The Gamblers Class consists of a course with no pre-determined route and each obstacle is assigned a point value. In the "opening" period, the handler seeks to accumulate points by performing the obstacles of his/her choice in the time allotted. At the conclusion of the "opening", the handler attempts the "gamble", a sequence designated by the judge to be handled from a distance, for additional points.

JUMPERS: The Jumpers Class consists of a course of jumps and may include a tire and tunnels.

SNOOKER: The Snooker Class has an "opening" sequence of point collection similar to Gamblers class followed by a closing sequence of a set pattern. It roughly parallels the billiards game of "Snooker", requiring the dog to successfully complete a "red" jump prior to attempting an obstacle designated as any other color.

PAIRS: The Pairs Class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Partners must be in the same level and height division; mini (Ch 12/16, Perf 8/12) or open (Ch 22/26, Perf 16/22). Eligibility is determined by the highest Versatility or relay title earned. In the event only one dog is entered in a program/class, un-entered dogs or dogs from other programs/levels may not be recruited to form a qualifying pair.

LEVELS, DIVISIONS AND CLASSES

Two certification programs will be offered at this event - Championship and Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstances may a dog be entered in the same Championship and Performance class at this agility test regardless of the day.

2008 Performance Speed JumpingSM Tournament Qualifier

Description: This is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include a long jump (required beginning January 1, 2007) and an A-frame and weave poles, one of which shall be required to be performed twice. All obstacles are set according to Performance specifications. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for prizes or awards. This tournament is open to all competitors not entered in the Steeplechase qualifier at the same event regardless of titles earned.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules.

Qualification & Advancement at Local Qualifiers: (For the purposes of this explanation, a score is anything other than elimination.) Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores in the 8" or 12" height classes or 7 scores in the 16" and 22" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Only competitors with scores equal to or less than the maximum qualifying score qualify. Further, in the event that fewer than five competitors in any height class receive a score, the top three scores must be determined from the combined height division for small dogs (8" and 12") or large dogs (16" and 22") to determine the maximum qualifying score for all dogs competing in that division in the manner described above. However, if there are fewer than five scores in a division, the top score from the division shall be used to calculate the maximum qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score. Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for prizes and awards, provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed. Program eligibility in Regional and National/World Championships shall be determined as follows: Where a competitor has qualifying scores in Championship Program tournaments and Performance Program tournaments, a competitor must enter all Championship Program tournaments unless the total number of qualifications earned in all Performance Program tournaments is greater.

Eligibility for Entry into the Championships: Two qualifying scores as defined herein are required to enter the semifinals at the Performance Speed JumpingSM Championships to be held in autumn of 2007.

Awards: Rosettes will be awarded for 1st through 5th places. Prize money will be awarded according to the following table:

HEIGHT CLASS	1 st	2 nd	3 rd	TOTAL
8"	12%	8%	5%	25%
12"	12%	8%	5%	25%
16"	12%	8%	5%	25%
22"	12%	8%	5%	25%
	48%	32%	25%	100%

*Allocable prize money to Round 2 positions that are not filled for any reason shall be forfeited.

2008 DOG AGILITY STEEPLCHASE® LOCAL QUALIFIER

Description: The "Steeplechase" is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump (required beginning January 1, 2007) and an A-frame and weave poles, one of which shall be required to be performed twice. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for prize money and Tournament Top Ten points. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships to be held in autumn of 2007. This tournament is open to all competitors not entered in Performance Speed JumpingSM qualifier at this event regardless of titles earned.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules.

Qualification & Advancement (For the purposes of this explanation, a score is anything other than elimination.)

Local Qualifiers:

Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores in the 12" or 16" height classes or 7 scores in the 22" and 26" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points and prize money, provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing and at the Regional level are not eligible to earn a bye based upon their score in Round 2. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

2008 Performance National StandardSM Local Qualifier

Regional Championships

The same process used for determining qualifying scores in Round 1 at the local qualifier will be applied in Round 1 at a Regional. To determine the maximum qualifying score in Round 2 at a Regional, the same method is applied, but the multiplier of 1.15 will be utilized. Any competitor in Round 2 with a score less than or equal to the maximum qualifying score as calculated in this manner will earn a 'bye' into the Steeplechase semifinals championships. Non-qualifying competitors are not eligible to run in Round 2 to satisfy numerical minimums. Any 'bye' that is earned may only be used by the handler/dog team who earned it and may not be transferred to another dog and/or handler.

Eligibility for Entry:

Regional Championships: A competitor must have one qualification at a local qualifier to be eligible to enter Round 1 of a Regional Championships.

World Championship:

Quarterfinals: Two qualifications, one of which may be from the first round of a Regional Championship will be required for entry.

Semifinals: Advancement from the quarterfinals by earning the equivalent of a qualifying score or by direct entry into the semifinal by having earned a 'bye' at a Championship. Program eligibility in Regional and National/World Championships shall be determined as follows: Where a competitor has qualifying scores in Championship Program tournaments and Performance Program tournaments, a competitor must enter all Championship Program tournaments unless the total number of qualifications earned in all Performance Program tournaments is greater.

Awards:

Local Qualifiers: Rosettes will be awarded for 1st through 5th place. Prize money shall be computed based upon 30% of the total entry fees to be allocated in accordance with the payout table below regardless of the size of entry in any height class.

Height Class	1st	2nd	3rd	4th	5th	6th	Total
12"	10%	6%	4%				20%
16"	10%	6%	4%	3%			23%

Standard scoring shall be applied utilizing time standards generally ranging from 3.30 yards per second to 3.55 yards per second for competitors in the 16" and 22" height classes, from 2.95 to 3.25 yards per second for competitors in the 12" height class and 2.75 to 2.95 yards per second in the 8" height class.
