TIME GAMBLE

This is a time gamble that is a pattern gamble. After horn sounds, begin the close. If in the close you do one of the following patterns, you will get bonus points:
 5-3-2-1: 20 bonus points
 3-2-1: 12 bonus points
 2-1: 6 bonus points

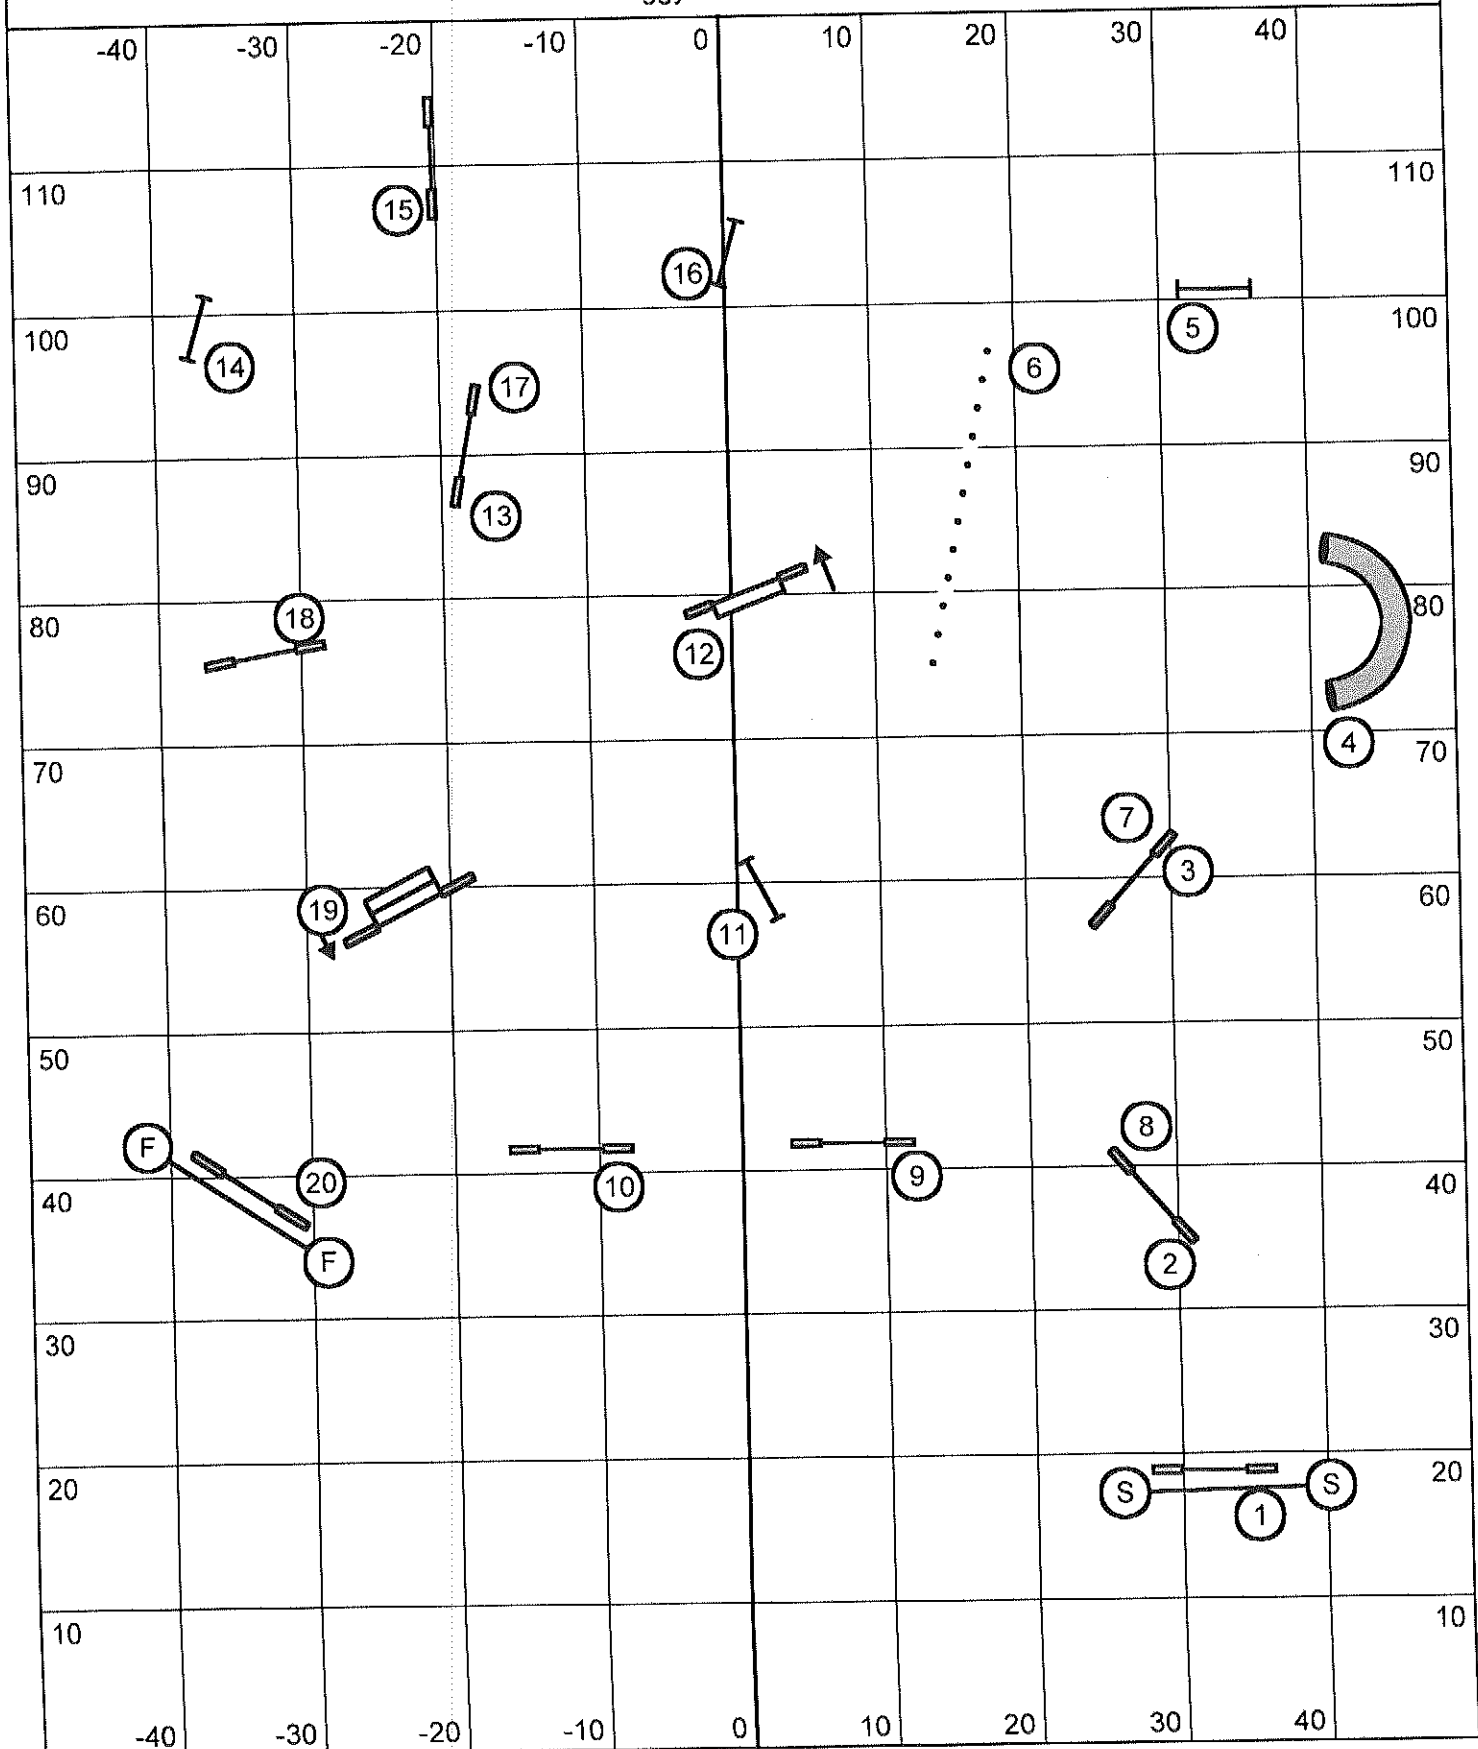

You may only get one bonus in the close, the highest will count. All points will still count towards total earned. If dog makes any error (popped weave, missed contact, knocked jump) whistle will sound and head to finish, you will keep points up to that error. Dog must cross finish line under allotted time in order to keep closing points and any bonus earned.
