

## TRACS Sep 15-16 2012 USDAA – RV General Information

Hi Everyone,

**Welcome:** Thanks for coming to our Fall USDAA trial and spending the night with us! Attached is a list of everyone who has signed up for overnighiting in either an RV/Trailer/Van/Car/Tent or Sleeping Bag under the stars with the nights you are signed up to spend with us and the area where you will be residing in. Please take a look at this and let me know of any corrections and/or revisions that need to be made.

**Arrival:** **You may arrive anytime after 2:00 PM.** Yes you may arrive before set up! Maybe you will be so kind as to lend a hand to help us get ready for the trial. Upon arrival, please stop by the RV Check-in table and grab your Overnighiters Pass. The check-in table will be located on the left side of the road just past the restrooms. You will see my "Born Free" RV with the blue table in front of it. The passes will be on the blue table - hopefully in a nice container but at any rate they will be there on the blue table. Please display your Overnighiter Pass where it is visible when I stroll by your RV/Trailer/Van/Car/Tent or Sleeping Bag under the stars. If you have any questions or need help upon arrival I will be on site helping set up for the trial - please find me and I will help you.

**Preferred Area:** The "Preferred Area" really is only for those who have taken on a key role for the trial and these folks are so designated on the attached list. If you really really wish to park there, let me know and maybe I can give you a key worker position for our June trial and then you could park there in June but not for this trial.

**Open TreeArea:** The Open Tree Area is on the far side of the agility field. Basically this designated area is anywhere except the Preferred Area and on the agility field proper! There is a ton of space with tons of shade. Please locate your perfect spot and set yourself up for a comfy weekend. If you are not using electric please don't take a spot next to an electrical stand - leave that space for someone who has paid for electricity. If you decide you would like to use electricity and did not pay for it, not a problem - just let me know when you arrive and I will take your \$\$\$ and revise your Overnighiter Pass.

**Generators:** Not sure anyone would need to use a generator, but if you do please park off the beaten path so others do not have to listen to it. Also, please do not turn it on before 6:30 AM and please turn it off by 9:00 PM. Again, if you change your mind and would like to get electricity, not a problem, just come see me with the extra \$\$\$ and I will revise your Overnighiter Pass.

**Conclusion:** I hope this is everything you need to know but if you have questions, please feel free to shoot me an email at [greatdogsagility@gmail.com](mailto:greatdogsagility@gmail.com).

Again, thank you for attending the TRACS Fall USDAA trial.

Susan Cochran

TRACS Sep 15-16 2012 USDAA – RV General Information
