ISC Jumping 1		ISC Jumping 1	
	ISC Agility 1		ISC Agility 1
ISC Jumping 2		ISC Jumping 2	
	ISC Agility 2		ISC Agility 3
ISC Jumping 3		ISC Jumping 3	
	ISC Agility 3		ISC Agility 2 (Finals)

Volunteers

Trials cannot happen without the help of volunteers. If you have time to set a bar, run a leash, time, scribe or gate – even if it is only for ten dogs – it will help immensely. We will break up running into two halves per class so that workers in either half will have time to warm up their dog before they are set to run in the next half.

Measuring

All dogs, regardless of jump height, who are under two years of age and do not have a temporary height card or are over two years of age and do not have a permanent height card must be measured prior to their first run of the weekend. It is the exhibitor's responsibility to ensure their dog is measured before their first run. Measurement of dogs will take place immediately before and after the briefing. Laura is not a VMO so measurements will NOT count toward the dog's permanent height card.

Notice to Exhibitors

- Vehicles MUST enter through the Jackson Rd Gate
- Dogs are not allowed near any stables. If the scoring table is near a stable dogs must be kept away.

Course Maps and Run Order

We will be using Agility Gate at this show for posting run orders and checking in dogs. We will be using the Agility Gate app to allow competitors to check in their dogs, mark conflicts and monitor the run order as it is updated. Maps for each day will be posted AFTER midnight on Friday. **Please do not email/text/message the trial secretary asking about course maps.** They will be posted as soon as reasonably possible.

The code to access run orders and maps for the show will be **1014**

RV Parking

RV Parking is First Come First Served. You can arrive at 2pm and park if you help with ring setup after parking. All others can arrive at 3:30pm. Check in with Channan Fosty for your RV Tag. There are some 30 amp power spaces on the main RV lawn. Power closer to the rings is 110. Water available to fill tanks. No sewer onsite. Tenting will be around the rings.

Red Solo Cup Winners

Red Solo Cup Winners in the A2 Final The ISC Agility 2 (ISC A2) Final class on Sunday can be entered by anyone, however only certain teams can win the Red Solo Cup based on their score in Sunday's A2 ISC Agility class.

In order to be eligible to win the Red Solo Cup, teams:

- Must be entered in at least one of the ISC classes other than Sunday's ISC A2 Class
- Must be entered in the Sunday ISC A2 class
- Must (a) finish one of the previous ISC runs in the top 40% of their jump height as scored on a time + faults basis, (b) finish under the Standard Course Time (SCT) defined by the judge of record, and (c) not have a result of an "E" as defined as going off course or accumulating three or more refusals in the run

There will be a podium for the top three finishers in each height in the Sunday ISC A2 class out of the competitors satisfying the above criteria. Placements for the Red Solo Cup Finals will be based on individual scores in the final class, as scored on a Faults then Time basis. Eligible scores will be under SCT and not have a result of an "E" as described above.

NOTE: Since the Sunday ISC A2 class can be entered by ANYONE, a "Clean Run" in the class can be used for WTT/EOTT qualifications as defined by the rules for WTT/EOTT

Hydration

In order to reduce waste, a water cooler will be available. Please bring your own re-usable bottle.
